Can you help?

Feel unsure about getting involved with the PTA? Expecting to do lots and can't commit? **Any** help you can provide is very much appreciated whether it's attending a couple of events, providing ideas or obtaining raffle prizes. **You can do as little or as much as you want.**

We are all busy working families and the more people we have the easier it is for everyone. After all, **many hands make light work.** Showing your children you value their education will teach them to value it as well. In return you'll receive a huge sense of satisfaction and most likely a new group of friends. Without you the school wouldn't be able to raise the necessary funds needed.

Walking, Scooting and Cycling Saves the Environment

What are we fundraising for?

The school are currently in the process of creating a **new outdoor learning and play area** for the Nursery. This includes large water and sand areas, a texture kitchen with planters, a giant riverbed with a water harvesting unit, hand pump and bridge, a mark making area, 'fallen tree' to promote motor skills and balance, as well as a shelter and artificial grass surface.

Together with a contribution of £4000 from the PTA, school have raised the funds to go ahead with phase one of the project. We are now looking to raise the remaining £13,500 through grants and fundraisers. The new outdoor area will make all the difference to our youngest learners and significantly improve the very basic provision we currently have.
