Please Park Considerately | Social Media | Club Pick Ups

Well-being at Etchells

Well-being is a high priority at Etchells and is a significant part of our School Development Plan and Covid Recovery Plan. Mrs Vedvik, one of our Year 3 teachers, takes the lead for well-being throughout school. We have increased her responsibilities this year to include working with individual children and small groups during the school day. The areas of focus can include emotional issues, self esteem, managing feelings and friendship issues. The teachers currently identify children they would like Mrs Vedvik to work with and parents will be notified in advance of any support work and your permission gained. The role of parents in this work will be crucial in the link between teachers, well-being lead and the child. Mrs Vedvik continues to receive a range of training to develop this role which we are delighted to be able to offer. Please talk to your child's class teacher at Parents' Evening after half term if you have any questions about this provision.

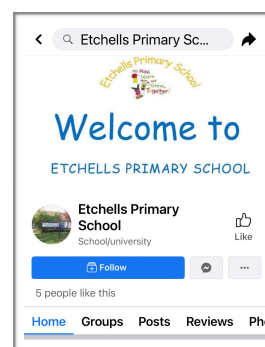

Extra-Curricular Club Pick Ups

If you are picking up from one of our after school clubs (NOT Little Flyers), please use the gate next to the Nursery. This is to ensure our Little Flyers children stay safe during pick up times and the gates are not open unnecessarily.

Social Media Platforms

We have now expanded our use of Social Media platforms in order to reach as many of our parents and members of the community as possible. We will continue to use Twitter, but you will now find us on Instagram (@etchellsps) and Facebook at Etchells Primary School. Our page looks like this:

If you are a parent you can join the 'Group' page where you will find copies of letters, information, newsletters and reminders.

We will use the Instagram and Facebook page to share our good news and celebrations. Please feel

free to share and spread the good word about our school!

Parking!!

A reminder to be courteous to our neighbours when parking outside school. One house was totally blocked in this week and they were unable to get their car off the drive. If you see any inappropriate parking, please report there and then to:

<https://www.stockport.gov.uk/start/request-a-parking-enforcement>

Kind regards,

Cathy Beddows and the Etchells staff
