School Jubilee Celebrations | Outdoor Learning at its Best! | Cheadle Jubilee

## Fieldwork Week and Outdoor Classroom Day

We have had a wonderful week taking our learning outdoors. This time every year, we like to dedicate some time to our geography fieldwork skills.

We also like taking the opportunity to vacate the classrooms and enjoy learning outdoors

Reception using magnifying glasses to look closely at plants and insects

We had a really fun outdoor assembly on Thursday following a science theme. I challenge you not to laugh watching [this clip](#) - great to see the children (and staff) enjoying themselves so much!

Year 1 minibeast hunting and then marking the habitats on an aerial photograph and simple map

Nursery

Year 2 busy using compasses to follow a route around school and creating some stunning art work

Year 3 in the park

So wonderful to see every year group out and about

Year 4 taking History outside

Year 5 measuring biodiversity

Year 6 considering how they could make the field more ecological

## Jubilee Celebrations

We are really looking forward to our Jubilee Celebration Day next Friday. Keep an eye on ClassDojo for your child's classes events for the day. All children will be visiting the Year 6 summer games stalls on the field, will have a visit to the ice cream van and will receive a raffle ticket to win a treat hamper or a £5 WHSmith voucher. We are asking for a £3 to £5 donation to put towards the day and raise some funds for the PTA. Please could you send donations in from Monday next week - they will be collected in class. Thank you! The classes will be looking forward to their special jubilee book which has been bought to put in their class library as a special celebration.

I have attached details of the Cheadle Jubilee Arts Festival, taking place between the 2nd and 4th of June. It involves children's activities, a Corgi Trail, refreshments and art work to view. More information can also be found by scanning the QR code.
