

### Today's spellings

Look at these compound words:

- cupboard
- seaside
- football
- treetop
- popcorn
- campfire

A compound word is one where two smaller words are used together to make a new word. Try to find more compound words and make a word bank or word search.

### Writing

Write about the appearance of your animal and choose a sub-heading.

- How big is it?
- What colour is it?
- Does it have patterns?
- Is it furry or scaly?
- Does it have a tail?
- What are its ears shaped like?

When you have finished check your punctuation (and ours). See if you have used an adverb (interestingly) or an adjective (large, white).

What does a clown fish look like?

Although clown fish can be a range of colours including blue and yellow, they are recognised as bright orange with large white stripes across the head, middle and tail. The stripes also have black lines around them. They have small, black eyes. The length of a clownfish can be between 2 to 5 inches. Interestingly, the females are much bigger than the males.
